## REPULSION

(PSY 028)

Fantastic riffing doom with a little epic touch. Excellent melodies, great guitar work, and superb clean vocals make "Repulsion" to one of the highlights of the Doom Year of 2006. The third album of the Swedes is our office favourite since the album was recorded. Dig the Doom!

### TRACK LIST:

1. Monsters In The Closet
2. 731
3. Gilgamesh
4. The Old Ones
5. Monument
