

STARDRIVE – KINGS AND SLAVES

(PSY 037)

Excellent heavy rock from Hungary´s Stardrive. Rocking in the vein of Spiritual Beggars, Abramis Brama, etc.

Charismatic vocals, great guitar melodies and solos, superb bass – plenty of straight up hard rock songs. If you are a fan of the old metal days, giants such as Black Sabbath, Rainbow, Deep Purple etc... then you should seriously consider this album.

Features the new throat of Wall of Sleep.
